

MR. GIBBON RETURNS

Los Angeles and Salt Lake to Be Organized This Month.

SOON TO INCORPORATE

CONFIDENT OF SUCCESS IN PIONEER PARK MATTER.

Vice President T. E. Gibbon of the Los Angeles Terminal railway arrived in Salt Lake yesterday afternoon, accompanied by Mrs. Gibbon, and are the guests of Mr. and Mrs. David Keith. The object of Mr. Gibbon's visit is to perfect arrangements for the meeting at the promoters of the Los Angeles and Salt Lake railway, to occur some time between now and Nov. 20, at which the organization of the company will be made. Mr. Gibbon was very hopeful when seen last evening that none of their present plans will miscarry.

"As to the Pioneer park matter," said he, "our friends tell me there is every encouragement. Little doubt seems to exist as to the city council's inclination in the matter, and after that is once disposed of, there is nothing to prevent the company's progress."

We promised the people of Salt Lake that after election we would return here to organize, and that is the object of my visit. I have today wired Mr. Keene and Senator Clark, and I believe they will be able to meet in Salt Lake, perhaps by the 15th, and not later than the 20th of the present month. We have gone over the incorporation feature, and within a few hours we could have the articles of incorporation ready to file with the proper officials, so that practically all the preliminary work is done."

Mr. Gibbon visited the report that the surveyors of the company have fixed routes out of Los Angeles and into San Bernardino, but no surveys have yet been made. The main line of the route has been collected on the cost of construction material, in place for miles. Mr. Gibbon stated, and is the intention to have an approximate estimate of the cost of the railroad ready for Senator Clark and his associates by the time they arrive. There has been no decision as to what route will be traversed by the road.

SHORT LINE TIME TABLE.

Changes in Running Time Both North and South.

The Short Line has announced a new time table, effective today, the changes being as follows: The train for Tintic points and Nephi leaves at 7:55 a. m., instead of 7:30 a. m., and the train returning from Nephi and Tintic points arrives at 6 p. m., instead of 5:35 p. m. The train for Ogden and the east, which formerly left Salt Lake at 6:30 p. m., leaves at 6:45 p. m. The train for Ogden leaves at 6:50 a. m., instead of 6:15 a. m.

Union Pacific Receivership Closed.

St. Paul, Minn., Nov. 7.—Walter H. Sanborn, United States circuit judge, made an order today approving the final report of the receivership of the Union Pacific railway and finally discharging them. The receivership, which has been thus closed, was, considering its complications, extent and interests involved, the most important in the great list of American railway receiverships. When it was commenced Oct. 12, 1898, the Union Pacific system included 8,350 miles of rail lines owned or leased and operated, representing a capitalization of stock and bonds of \$100,000,000. After Judge Sanborn assumed control of this case early in 1899, the receivers handled without loss, under his orders, monies amounting to \$100,000,000. The claims of the United States on the Union Pacific property, \$25,000,000 principal and accrued interest was paid in full, and unsecured creditors were paid from various sources about 40 per cent of their claims, an amount largely in excess of their expectations. The administration of this receivership by the court has been unusually successful.

Burlington After Coal.

(Special to The Herald.) Sheridan, Wyo., Nov. 6.—It is announced here that the Burlington has closed a contract with the Bigby coal mines for from ten to twenty carloads of coal to be delivered to the Bigby and Talcott lines. The coal will be used in engines between Gillette, Wyo., and Talcott, Mont., and also on the Cody-Talcott line. This will mean the employment of hundreds of miners at Bigby, near here, and agents of the mine owners are busy in the east purchasing new machinery with which to carry on operations.

More U. P. Cut-Offs.

(Special to The Herald.) Cheyenne, Wyo., Nov. 7.—Now that the election is over more important announcements in railroad circles are expected in a few days. It is said local contractors have been asked to bid on a number of important projects. Among these are several new lines of the Burlington to be constructed in Wyoming and several additional cut-offs and other improvements by the Union Pacific.

Railway Notes.

The Oregon Railway & Navigation company, a part of the Union Pacific system, announced last week that it would operate all the steamships on the Portland and San Francisco route. The Mulland has ordered 100 new steel cars, along with its order for five additional locomotives. During the last fiscal year the Union Pacific has added 120 miles of road to its system, in connection with the extensive improvements inaugurated in Wyoming. It also has laid 140 miles of new steel rails on the main line.

U. P. WRECK FATAL.

Engineer and brakeman May Be Responsible.

(Special Correspondence.) Cheyenne, Wyo., Nov. 6.—The head-on collision at Bitter Creek Sunday afternoon has resulted fatally. Fireman Donaldson, one of the injured men, taken to the Rock Springs hospital where he died in a few hours. He was caught between the boiler and tank and one leg was cut off and the other broken in three places. Engineer Goodspeed, Engineer Kearney and another fireman sustained serious injuries, but all will recover. The accident was the result of an open switch. A water train had orders to meet a fast freight at Bitter Creek. The fast train came thundering along and dashed through the switch, which was closed to have been left open by brakeman Scott of the water train. The engine of the water train was demolished, and the engine of the fast freight and several cars badly damaged.

Pay Your Election Bets.

With a John B. Stetson hat; \$4.00 instead of \$5.00.

Side Lights on History.

"It was a lucky thing for me, perhaps," remarked Daniel, referring to the matter some time afterward, "but I had only a piece of rather blind handwriting that Bazzar wanted me to decipher. If it had been a physician's prescription I believe it would have fooled me."

His Double Life.

"Do you know," said his confidential clerk, "I was looking at him so delicately as he could, 'that some people accuse you of leading a double life?'"

Getting Fame.

"We don't seem to be making much noise in the literary world."

AT AUERBACH'S.

MR. STEVENS EXPLAINS.

Denies That He Interfered in Reading Telegram at Mendon.

(Special to The Herald.) Logan, Utah, Nov. 7.—In your issue of yesterday your correspondent from Mendon does me much injustice if in referring to "Sidney Stevens, Jr.," in connection with a Republican meeting there Monday evening last, he intended to refer to me. I was a speaker during the evening, but took no part whatever in preventing or allowing the reading of the telegram in question. The facts are a Mr. Sorenson asked permission of the chairman to read a telegram and it was granted. Later he attempted to further address the meeting, and then it was that he was interfered with by persons in the audience, who were anxious in any way he might be simply a visitor there and nothing more than an on-looker at the disturbance that took place. Respectfully, SIDNEY STEVENS.

IN THE POLICE COURT.

As a result of too much election "celebration," a quintette of transgressors occupied the mourners' bench in the police court yesterday. E. J. Nelson and Alex. Johnson, two young fellows who indulged in a lively fist combat over a tin horn, were the first on the docket, and were charged with fighting. Nelson pleaded guilty, but Johnson declared that he was forced into it to protect himself. The judge said that he did not think that either of them was very guilty and declared them discharged.

M. D. Kidder and John Doe were charged with disturbing the peace by indulging in a hilarious confab on the street car track last evening. They were fined \$10 each and did not show up. Both men were ordered discharged.

Albert Pritchard, a young lad who "celebrated" by putting bombs on the street car track and shaking up the cars and passengers, was arraigned on a charge of disturbing the peace. Pritchard pleaded guilty but promised to behave himself at the next presidential election, and was allowed to go.

James O'Connors, the young man who was charged with plagiarizing the dental office of Dr. Hector Griswold, was taken before Judge Timmony yesterday morning for his preliminary hearing. He has not been definitely settled whether another league will be organized or not, the matter being left in the hands of the different schools, as Mr. Timmony stands ready to offer a cup at any time.

BUSINESS IN SALT LAKE.

Bank Clearings For Yesterday.

Dun's Review of Trade.

The bank clearings yesterday were \$376,805.99, compared with \$457,208.94 for the corresponding day of last year. This shows a falling off of 66 per cent.

The current issue of Dun's Review has the following to say as to local conditions: "The business of Salt Lake is a steady demand from country countries for general merchandise, but jobbers are heavily stocked and buyers are light. There is a general feeling of moving briskly, and sales of notions and fancy goods are above the average. October trade has been good, the campaign is not yet started, but slightly. There are few large contracts for mining machinery, but the call for supplies is fair. A 50-cent outward rate on canned goods has been made, indicating railway recognition of local industrial enterprises. Western shipping is when off, and the low prices and lack of storage facilities impede movement. The small crop of alfalfa is limited. The market for wheat is unusually excellent. Local trade in hay and oats. Bank clearings show a decrease, but money is easy and collections fair. November opens with a dividend of \$100,000 from a leading mine and sales of ore and iron for the month show an increase of 10 per cent."

FOR ART EXHIBIT.

Ladies' Literary Club and School Principals Hold Joint Meeting.

A joint meeting of the principals of the city schools and of a committee of the education section of the Ladies' Literary club was held in the club rooms at the school yesterday afternoon. The meeting was called by the women for the purpose of presenting a proposition whereby the art exhibit of the Century company of New York may be loaned to this city for exhibition. The women propose to bring the beautiful collection of pictures here, provided that the schools will use the collection to raise an art fund, sharing equally with the Ladies' Literary club in the proceeds. The cost of transportation of the pictures will be about \$100, which the women will assume, and give to the schools the privilege of having the exhibit at the club rooms on Saturdays until all schools that desire to have the collection for their benefit separately shall have done so. The women also pay for lighting, printing and other incidental expenses, and give to the schools 50 per cent of the receipts, the only condition being that each school shall purchase a cast from the money so received. The matter will be considered by the various schools today, and a definite reply to the proposition by the Ladies' Literary club will be given tomorrow.

Missionary to Speak.

Next Sunday, Nov. 11, Miss Lina Hedman, on her way east from China, where she has been a missionary for six years, will speak in the Scandinavian M. E. church, 121 Second East street, at 4 p. m. She will be dressed in Chinese costume. All cordially invited.

HALF RATE

To Salt Lake and Return.

On Nov. 10 and 11 from Weber, Utah coulees, etc., and on Nov. 9 and 10 from Tintic, Sanpete, Garfield, Carbon, etc., the Rio Grande Western railway will make an open rate of one single fare for round trip to Salt Lake City for the Sunday school convention. The Rio Grande Western train service is the best in the state; ten to forty minutes quicker between Ogden and Salt Lake than any other line.

Pay Your Election Bets.

GRIDIRON GOSSIP.

The second team of the Y. M. C. A. and High school met tomorrow at Walker's for a battle royal. Both are in good condition, and have been looking forward to this one particular game all year. They are not yet ready to meet the local champions, and so a game could not be arranged. Mr. McFadden states that his team stands ready to meet the winners of the All Hallows-University contest on Saturday.

The Washington and Webster district league teams met at university grounds this afternoon. The winner of this contest will have to play the Lowell series of the best two out of three games for the final school championship, which carries with it the elegant silver cup offered by the Wilkes Cycle company. It has not been definitely settled whether another league will be organized or not, the matter being left in the hands of the different schools, as Mr. Timmony stands ready to offer a cup at any time.

The All Hallows and university met at Walker's on Saturday. They will be the first game for the university, who were a little late getting started, on account of the college moving into the new buildings. Captain Morris of the varsity team has been putting the boys through a course of sports every evening for the past week, and Manager Kiser says that this team is far superior to the one that represented this institution last year. It is expected that the winner will meet the High school the following week, and this will make the game doubly interesting.

Cycling.

Julius Heard From.

John Lawson has heard from his friend, Oscar Julius, whom he reported as missing a few days ago. Julius was taking care of a sick friend, and had not left the bedside for six days, and was not aware of the anxiety he was causing the "Terrible Swede" until he was notified by the "Sven Swenson." Julius has had two weeks of good success and will appear in this city during the first week in December.

Racers Off For Los Angeles.

Eddie Smith, the speedy little local amateur, left for Los Angeles yesterday, where he will compete in the races this winter. Smith says he may turn professional, but will not decide for certain until he sees what kind of prizes are offered, and also the kind of competition he will have to meet. Jimmie Watts, another local amateur, expects to go to Los Angeles some time this week.

Letter From Hodgert.

Los Angeles, Nov. 5.

Sporting Editor, Herald:

The article in your issue of the 4th, was intended at first, but was postponed until Sunday evening, the 11th, when a fine programme is provided. The only condition being that the east will arrive, among them being Spooner, Prince, Nelson and his 16-year-old brother Lake, the national amateur champion. Duane, Duell, Stone, Judge and Store are expected in from Portland, and Freeman and Downing from San Jose and Russ from San Francisco, who's looking like the amateur of the west. Clem Turville says he is ready and willing to meet any of the fast middle-distance men from the east, but they will not be able to make the fast time that the boys made in Salt Lake, as the track is not as fast. Very truly yours, ROY HODGERT.

Crap and Crigger.

Notes About Hunters.

William M. Bradley leaves today for a week's shooting on Bear river. Reports from Cal Callison, who has been shooting at this place for the last two weeks, indicates that there are plenty of ducks in this vicinity, and that hunting will be good for some time to come. A party consisting of Fred May, Elliott Kimball and J. W. Cowan will leave the city Saturday evening for a three days' hunting trip at the above place.

Gun Club Score.

The Salt Lake Gun club held the weekly shoot at their grounds yesterday afternoon. The members must have been very nervous over the results of the election, as all the scores fell far below the usual average. The following were the members present and their scores:

J. F. Sharp, 46; Newcomb, 37; J. Sharp, Jr., 31; Barratt, 29; Dr. Dart, 28; Kendall, 19.

The medal was won by the team represented by J. F. Sharp and Dr. Dart.

Pugilism.

Pugilist Goldman Dies.

Detroit, Mich., Nov. 7.—Michael Goldman, known in the ring as "Kid" O'Brien, who was knocked out last night by Bernard Carroll before the Cadillac Athletic club, died this morning from a concussion of the brain following a recovery from consciousness. Carroll is under arrest.

Che Cur.

Racing at Frisco.

San Francisco, Nov. 7.—Weather at Oakland cloudy; track muddy. Results:

First race, seven furlongs, selling—Urchin won. Only second, Honduran third. Time—1:33 1/2.

Second race, five and a half furlongs

PREDICTS A NEW PARTY

Senator Pettigrew Discusses the Triumph of Hannaism.

SAYS HE EXPECTED IT

LOOKS TO DEFEAT OF THE TRUSTS IN 1904.

Sioux Falls, S. D., Nov. 7.—"I predict the formation of a new party, based on the protests of the outraged against Republicanism as taught by Hanna," declared United States Senator R. F. Pettigrew this morning. He had just left his home to which he withdrew last night when the first considerable batch of telegrams arrived from South Dakota.

"I saw how it was going, and went home. For weeks I have told the national committee we were defeated in South Dakota, but they have kept claiming the state and I have been working for political effect. No sir, I was not disappointed; I slept well last night. I will remain in Sioux Falls and I am now going to resume my mill north of town. Defeat is the more welcome to me, as it has come, than victory would have been if it came by endorsing the sort of policy which the Republican party represents."

"Yes, of course, I will be in the new party, which will be a party of little moment. It may be 'Social Labor' or it may be the new Democracy. It will be made up of persons discontented with the elements in politics as they stand against the existing conditions and the present tendency of things. The movement will grow rapidly and I believe will defeat the Republican party in 1904. The Mark Hanna Republicanism is menacing the republic. The report on the state of affairs will create an influence soon to restrict the right of suffrage until capitalists will say no one is fit to take part in the government who does not know enough to make money. At first the limits will include a small majority, and then the amount will be raised until there is a majority of pure labor."

"The election does not stand as an endorsement of all the administration stands for. The cry of prosperity and the racial trait are more apparent now than ever before—of getting all we can and keeping all we can get. No Anglo-Saxon mind ever voted against the party in power while involved in war. I thought it would be difficult this time because of more dissemination of knowledge. There will likely occur divorce of the Democratic and Populist parties, but the new party will be the popular one. I cannot say whether Mr. Bryan will affiliate with it or not."

Both Are Mad.

(Chicago Press.)

"Mad," he exclaimed. "Of course, I'm mad. I don't know what I need, but the world is some good system of general thought transference of mind reading."

"Just gave all my waking thoughts to the subject; neglected my business and all that, and made a fool of myself."

"But you succeeded?"

"Oh, yes. We're engaged, and now that she was working just as hard to get me, I'm both mad and mad to think of the waste of effort."
